

NITRA's Express Testing Services

Get sample test reports within 48 hours of submission of samples - Just pay 1.5 times of normal testing charges.

NITRA laboratories work 24X7 to serve its clients better. We make all efforts to provide you quick services. In this regard, NITRA has started express testing services where any client can get test reports within 48 hours of receipt of samples - just by paying 1.5 times of the normal testing charges.

** For samples where testing time is more than 24 hours the time for report will be more.
