

<u>Sl. No.</u>	<u>Title</u>	<u>Journal Name</u>	<u>Vol./No.</u>	<u>Month/Year</u>
1.	<u>FIBRE</u>			
1.	Effect of Roller Speed and Moisture Content of cotton on Ginning Rate. Lint Quality and Electric Energy consumption in double roller gins	Textile Research journal	Vol.77 Issue 9	Sept 07
2.	Cotton Fibre present & Future	Textile Times	Vol.IV No.6	Sept 07
3.	Biodegradable Fibre:Lyocell	Synthetic Fibres	Vol.XXXVI No.3	Jul/Sept 07
4.	Biopolymers in Healthcare and Medical Applications	Synthetic Fibres	Vol.XXXVI No.3	Jul/Sept 07
5.	Ramie fibre : Part I. Chemical composition and chemical properties. A critical review of recent developments	Textile Progress	Vol.39 No.1	2007
6.	Nanotechnology in fibrous materials – a new perspective	Textile Progress	Vol.39 No.2	2007
7.	Consumer pull of natural fibers	ATA Journal for Asia on Textile & Export		Aug/Sept 07
8.	How to name cotton organic?	ATA Journal for Asia on Textile & Export		Sept/Oct 07
9.	Global trends for dissolving woodpulp for viscose staple fibers (PCI Fibres)	Chemical Fibres International	Vol.57	Aug 07
10.	Nylon fiber volumes – cycle versus trend	Chemical Fibres International	Vol.57	Aug 07
11.	Quenching of melt extruded continuous filaments – past, present and future	Chemical Fibres International	Vol.57	Aug 07
12.	Residence time simulation in bicomponent spinnerets for degradable polymers	Chemical Fibres International	Vol.57	Aug 07
13.	Neps and Trash Indicator	Asian Textile Journal	Vol.16 No.9	Sept 07
14.	Fibre from milk a new innovation	Apparel Views		July, 07
2.	<u>YARN PREPARATION</u>			
15.	Flow Characterization in Cylinders for Pneumatic Spinning	Textile Research journal	Vol.77 Issue 2	Feb 07
16.	Mechanical Modeling of singles yarn	Textile Research journal	Vol.77 Issue 3	Mar 07
17.	A Controlled Experiment on yarn Hairiness and Fabric Pilling	Textile Research journal	Vol.77 Issue 3	Mar 07
18.	Effect of Tension Compensator on Sirofil yarn properties	Textile Research journal	Vol.77 Issue 4	Apr 07
19.	Effect of Strand-spacing between roving and filament on sirofil yarn properties	Textile Research journal	Vol.77 Issue 4	Apr 07
20.	Effects of Spandex and Yarn counts on the Properties of Elastic Core spun yarns produced on Murata Vortex Spinner	Textile Research journal	Vol.77 Issue 6	June 07
21.	Packing Density of Compact Yarns	Textile Research journal	Vol.77 Issue 9	Sept 07
22.	Structure and Properties of Low Twist Short-staple singles Ring spun yarns	Textile Research journal	Vol.77 Issue 9	Sept 07
23.	New advances in neps and trash analysis	The Textile Magazine	Vol.48 Issue 9	July 07
24.	LRT-Caipo JV for slub and core yarn systems	The Textile Magazine	Vol.48 Issue 9	July 07
25.	Luwa's Overhead Travelling Cleaner gaining momentum	The Textile Magazine	Vol.48 Issue 9	July 07
26.	SSEL's integrated total solution for spinning mills	The Textile Magazine	Vol.48 Issue 9	July 07
27.	Improved analysis of yarns in the laboratory	The Textile Magazine	Vol.48 Issue 11	Sept 07

28.	The future of compact spinning	The Textile Magazine	Vol.48 Issue 11	Sept 07
29.	New drive system for carding machines	Melliand International	Vol.13	Sept 07
30.	New System for optimizing cop change procedure in ring spinning	Melliand International	Vol.13	Sept 07
31.	Dye packages with the Autocoro	Melliand International	Vol.13	Sept 07
32.	Fiber migration in compact-spun yarns	Melliand International	Vol.13	Sept 07
33.	Manipulation of the electric field of electrospinning system to produce polyacrylonitrile nanofiber yarn	The Jl. Of the Textile Institute	Vol.98 No.3	2007
34.	Hairiness of spun yarns and their reduction using air-nozzle in winding	The Jl. Of the Textile Institute	Vol.98 No.3	2007
35.	Studies on cotton- acrylic bulked yarns and fabrics. Part 1 : Yarn characteristics	The Jl. Of the Textile Institute	Vol.98 No.3	2007
36.	Influence of strand spacing on the interfibre cohesion in siro yarns	The Jl. Of the Textile Institute	Vol.98 No.3	2007
37.	Optimisation of comber draft	The Indian Textile Journal	Vol.CXVII No.10	July 07
38.	Different technologies to spin compact yarns	The Indian Textile Journal	VolCXVII No.11	Aug 07
39.	Evaluation of real yarn diameter	The Indian Textile Journal	VolCXVII No.12	Sept 07
40.	Variation in imperfections level due to winding of ring yarn	Indian Journal of Fiber & Textile Research	Vol. 32 No.3	Sept 07
41.	Performance characteristics of mercerized ring-and compact-spun yarns produced at varying level of twist and traveler weight	Indian Journal of Fiber & Textile Research	Vol. 32 No.3	Sept 07
42.	Truetzschler DK-800 card	Asian Textile Journal	Vol.16 No.7	Jul 07
43.	Silk/cotton blends spinning	Asian Textile Journal	Vol.16 No.7	Jul 07
44.	Uster Tester 5	Asian Textile Journal	Vol.16 No.9	Sept 07
45.	Speciality polyester fil yarns	Asian Textile Journal	Vol.16 No.9	Sept 07
46.	Quality Assessment of sewing threads	Apparel Views		Aug, 07
47.	Quality assessment of sewing Threads – some of the important properties	Apparel Views		Sept 07
48.	Usefulness of Electronic Maintenance Gadgetry for ring frame developed by ATIRA to enhance modern ring frame productivity and yarn quality	ATIRA Communications on Textiles	Vol.41 No.2	June 07
49.	Extra-Sensitive imperfections in Ring spun yarn : Identification, causes and remedies	ATIRA Communications on Textiles	Vol.41 No.2	June 07
3.	<u>FABRIC PRODUCTION</u>			
50.	A Neural Network System for Prediction of Thermal Resistance of Textile fabrics	Textile Research journal	Vol.77 Issue 1	Jan 07
51.	Nanosilver functionalized cotton fabric	Textile Research journal	Vol.77 Issue 3	Mar 07
52.	Relationship between Friction and Tactile Properties for Woven and Knitted Fabrics	Textile Research journal	Vol.77 Issue 6	June 07
53.	Development of a New Non-woven Composite and its Properties	Textile Research journal	Vol.77 Issue 6	June 07
54.	Innovative Jacquard weaving in the 3 rd millennium	Melliand International	Vol.13	Sept 07
55.	Home Textiles	MANTRA Textile Magazine	Vol.1 No.11	July 07
56.	Lint extraction – From rotating cylinders of a circular knitting machine	Knitting Views		Jul-Aug 07
57.	Precision knitting elements for loop quality	Knitting Views		Jul-Aug 07
58.	Advanced knitting technology from Shima Seiki	Knitting Views		Jul-Aug 07
59.	Spring loaded latch needle for flat knitting machine from Groz-Beckert	Knitting Views		Jul-Aug 07

60.	CAD Applications in Textile Designing	Journal of the Textile Association	Vol.68 No.2	July- Aug 07
61.	A study on Effect of Twist and count on sensory properties of shirting fabric	Journal of the Textile Association	Vol.68 No.2	July- Aug 07
62.	Buckling analysis of plain knitted fabric under uniaxial tension in arbitrary direction	The Jl. Of the Textile Institute	Vol.98 No.2	2007
63.	Stepwise regression studies on fabric mechanical blocks in wool/wool blend fabrics	The Jl. Of the Textile Institute	Vol.98 No.2	2007
64.	Contribution of ring spinning process to the fibre shedding behaviour of cotton yarn during knitting	The Jl. Of the Textile Institute	Vol.98 No.2	2007
65.	Prediction of fabric drape using the FAST system	The Jl. Of the Textile Institute	Vol.98 No.3	2007
66.	Creation of design on nylon metallic fabric	The Jl. Of the Textile Institute	Vol.98 No.3	2007
67.	Warp breaks detection in Jacquard weaving using MEMS : System development	The Jl. Of the Textile Institute	Vol.98 No.3	2007
68.	Fabric drape & its measurement	The Indian Textile Journal	ISSN0019-6436	July 07
69.	Modern development in weaving	The Indian Textile Journal	VolCXVII No.10	July 07
70.	Parameters including fabrics wrinkling	The Indian Textile Journal	VolCXVII No.11	Aug 07
71.	Steps to reduce warp breakage	The Indian Textile Journal	VolCXVII No.11	Aug 07
72.	CAD/CAM : Ultimate solution for textile excellence	The Indian Textile Journal	VolCXVII No.12	Sept 07
73.	Studies on animal fibre blended handmade felts: Part II – Frictional, compressional and thermal properties	Indian Journal of Fiber & Textile Research	Vol. 32 No.3	Sept 07
74.	Effect of crease behaviour, drape and formability on appearance of light weight worsted suiting fabrics	Indian Journal of Fiber & Textile Research	Vol. 32 No.3	Sept 07
75.	Frictional characteristics of woven suiting and shirting fabrics	Indian Journal of Fiber & Textile Research	Vol. 32 No.3	Sept 07
76.	FAST system approach to discriminate the characterized generic hand of fabrics	Indian Journal of Fiber & Textile Research	Vol. 32 No.3	Sept 07
77.	Effect of yarn twist on wicking of cotton interlock weft knitted fabric	Indian Journal of Fiber & Textile Research	Vol. 32 No.3	Sept 07
78.	Theoretical evaluation of warp tension variations during weaving process	Indian Journal of Fiber & Textile Research	Vol. 32 No.3	Sept 07
79.	Environmental aspects of sizing	Chemical Business	Vo.21 No.7	July 07
80.	Denim Diversification	ATA Journal for Asia on Textile & Export		Aug/Sept 07
81.	World's nonwovens production	Asian Textile Journal	Vol.16 No.7	Jul 07
82.	Nonwovens and India	Asian Textile Journal	Vol.16 No.8	Aug 07
83.	Rotor spun yarn and denim	Asian Textile Journal	Vol.16 No.8	Aug 07
4.	<u>GARMENT</u>			
84.	3D Patterning of corsetry	Textile network		July/Aug 07
85.	Fabrics & garment – The latest news and products in the fabrics and garments sector	Textile Horizons		Jul-Aug 07
86.	Analysis of Drape Behaviour on Seamed Denim Fabric	MANTRA Textile Magazine	Vol.2 No.1	Sept 07
87.	Consumer awareness while shopping for T-shirts	Knitting Views		Jul-Aug 07
88.	Care Labelling of Textile Apparels	Journal of the Textile Association	Vol.68 No.1	May-June 07
89.	Indian garments : Some writing on the wall	The Indian Textile Journal	ISSN0019-6436	July 07

90.	Knitting & Garmenting	The Indian Textile Journal	ISSN0019-6436	Aug 07
91.	The impact of mechanical properties of sewing threads on seam quality	ATA Journal for Asia on Textile & Export		Aug/Sept 07
92.	SWOT : Salem garment industry	Asian Textile Journal	Vol.16 No.8	Aug 07
93.	Quality procedures followed in the apparel industry	Apparel Views		July, 07
94.	The new multineedle chenille embroidery quilting machine	Apparel Views		July, 07
95.	Scope for improvement in productivity and quality of stitching process by flexible work groups	ATIRA Communications on Textiles	Vol.41 No.1	Mar 07
96.	Look out fit models: 3D forms are coming alive	AATCC Review	Vol7 No.7	July 07
5.	<u>CHEMICAL PROCESSING</u>			
97.	Novel Process to enhance the Dyeability of Cotton in Supercritical Carbon Dioxide	Textile Research journal	Vol.77 Issue 1	Jan 07
98.	Application of Chemical silver Plating on Polyester and cotton blended fabric	Textile Research journal	Vol.77 Issue 2	Feb 07
99.	Effects of pH in Hydrogen Peroxide Bleaching of Cotton Fabrics Pretreated with Ferrous Sulfate	Textile Research journal	Vol.77 Issue 4	Apr 07
100.	The comparison of cotton Knitted Fabric properties made of compact and conventional Ring yarns before and after the dyeing process	Textile Research journal	Vol.77 Issue 4	Apr 07
101.	The influence of industrial Laundering of Hospital Textiles on the Properties of Cotton Fabrics	Textile Research journal	Vol.77 Issue 4	Apr 07
102.	Performance Evaluation of Water Repellent Finishes on woven fabric properties	Textile Research journal	Vol.77 Issue 4	Apr 07
103.	Equilibrium Study on the Disperse Dyeing of Polyester Textile in Supercritical Carbon Dioxide	Textile Research journal	Vol.77 Issue 8	Aug 07
104.	Regulation of Surface Hydrophilicity of Plasma Treated Wool Fabrics	Textile Research journal	Vol.77 Issue 8	Aug 07
105.	Studies on the Influence of Knit Structure and Stitch Length on Ring and Compact Yarn single Jersey Fabric Properties	Textile Research journal	Vol.77 Issue 8	Aug 07
106.	Determining the Drying Time of Apparel Fabrics	Textile Research journal	Vol.77 Issue 8	Aug 07
107.	Bio-processing in textiles	The Textile Magazine	Vol.48 Issue 9	July 07
108.	Right first time dyeing: problems and opportunities	The Textile Magazine	Vol.48 Issue 9	July 07
109.	Inkjet printing – An alternative for medium volumes	Textile network		July/Aug 07
110.	Study of using Microfiltration and Reverse Osmosis Membrane Technologies for Reclaiming Cooling Water in the Power Industry	Water Environment Research	Vol.79 No.7	July 07
111.	Energy Conservation and Recovery : Two requirements for sustainable wastewater treatment	Water Environment Research	Vol.79 No.8	Aug 07
112.	Activated Sludge Inhibition by Chemical Stressors – A Comprehensive study	Water Environment Research	Vol.79 No.9	Sept 07
113.	Advances in flame retardancy – Dr. Ian Holme reports from the 11th European Meeting on Fire Retardant Polymers	Textile Horizons		Jul-Aug 07

114.	Patent-needles for optimum process reliability and even warp knit fabric (Croz-Beckert)	Melliand International	Vol.13	Sept 07
115.	Enzymatic pre-treatment of flax fabrics	Melliand International	Vol.13	Sept 07
116.	Use of width adjusting devices in mercerization	Melliand International	Vol.13	Sept 07
117.	New Aspects in after treatment of PA microfiber and elastane composition	Melliand International	Vol.13	Sept 07
118.	Antimicrobial finish with silver	Melliand International	Vol.13	Sept 07
119.	Garment dyeing as compared to fabric dyeing	Melliand International	Vol.13	Sept 07
120.	New developments in continuous dyeing of PET/cellulosic blends	Melliand International	Vol.13	Sept 07
121.	Demands on modern continuous dyeing machines	Melliand International	Vol.13	Sept 07
122.	Dyeing and printing of spunlace nonwovens	Melliand International	Vol.13	Sept 07
123.	Digital age of printed textiles	Knitting Views		Jul-Aug 07
124.	Resin finishing technology for knits	Knitting Views		Jul-Aug 07
125.	Novel Effects in Garment Processing and value added finishes	Journal of the Textile Association	Vol.68 No.1	May-June 07
126.	Economical Dyeing of P/C Blends with multifunctional property	Journal of the Textile Association	Vol.68 No.1	May-June 07
127.	Eco-Auditing of the Dyeing Units	Journal of the Textile Association	Vol.68 No.2	July- Aug 07
128.	Thermally Treated Cassia Gum in White Discharge Printing of Linen Fabrics	Journal of the Textile Association	Vol.68 No.2	July- Aug 07
129.	Application of mixed gel solution in the anti-wrinkle finishing of cotton fabrics	The Jl. Of the Textile Institute	Vol.98 No.2	2007
130.	Antimicrobial finish in textiles	The Indian Textile Journal	ISSN0019-6436	Aug 07
131.	Developments in digital printing	The Indian Textile Journal	ISSN0019-6436	Aug 07
132.	Recipe for dyeing stain-free P/C blended yarns	The Indian Textile Journal	VolCXVII No.11	Aug 07
133.	Removal of basic dye from aqueous solution using natural adsorbents : Kinetic studies	Indian Jl. Of Environmental Protection	Vol.27 No.8	Aug 07
134.	Treatability studies on combined domestic and textile wastewaters using activated sludge process	Indian Jl. Of Environmental Protection	Vol.27 No.8	Aug 07
135.	Investigation on cotton ring and OE rotor yarn characteristics : Part I – Effect of caustic and enzymatic scouring treatments on dye uptake and mechanical characteristics.	Indian Journal of Fiber & Textile Research	Vol. 32 No.3	Sept 07
136.	Tensile properties of cotton yarns after slack swelling and stretching in presence and absence of sodium hydroxide	Indian Journal of Fiber & Textile Research	Vol. 32 No.3	Sept 07
137.	Dyeing of wool and silk with Bixaorellana	Indian Journal of Fiber & Textile Research	Vol. 32 No.3	Sept 07
138.	Involvement of Microbial Populations during the Composting of Olive Mill Wastewater Sludge	Environmental Technology	Vol.28 No.7	Jul 07
139.	Performance and Microbial Diversity of a Membrane Bioreactor Treating Real Textile Dyeing Wastewater	Environmental Technology	Vol.28 No.8	Aug 07
140.	Neershudhi-Spent wash : A complete solution for zero discharge to treat & recycle distillery liquid waste	Environmental Pollution Control Journal	Vol.10 No.6	Sep-Oct 07
141.	Insights into specialty chemicals	Colourage	Vol.LIV No.7	July 07

142.	Fastness Chronicles – Colour fastness to washing & colourfastness to water	Colourage	Vol.LIV No.7	July 07
143.	Effect of enzyme treatment on weight loss of denim	Colourage	Vol.LIV No.7	July 07
144.	Natural dyes – Marigold-Yellow Dye for wool	Colourage	Vol.LIV No.7	July 07
145.	Practical perspectives – Processing of tencel fibre in textile industries	Colourage	Vol.LIV No.7	July 07
146.	Education in Eco-labelling – Implementation of eco labeling scheme	Colourage	Vol.LIV No.7	July 07
147.	Processing of Knit Fabrics – II : Yarn dyed knit fabrics	Colourage	Vol.LIV No.7	July 07
148.	Wastewater Management in Laundry	Clean & Hygiene		Jul-Aug 07
149.	An introduction to natural polymers	Chemical weekly	Vol.LII No.1	Aug 21, 07
150.	Electronic Chemicals : An Overview	Chemical weekly	Vol.LII No.1	Aug 21, 07
151.	An introduction to natural occurring Resins	Chemical weekly	Vol.LII No.1	Sept 4, 07
152.	World Demand for water treatment products to Reach US\$40 –bn in 2009	Chemical weekly	Vol.LII No.1	Sept 4, 07
153.	Recent developments in processes for treatment of water	Chemical weekly	Vol.LII No.1	Sept 4, 07
154.	Government, Industry partnership vital to tackle alarming scenario of water and waste water	Chemical weekly	Vol.LII No.1	Sept 4, 07
155.	Industrial Drying Equipments	Chemical Business	Vo.21 No.7	July 07
156.	Filter Dryers in Process Industries	Chemical Business	Vo.21 No.7	July 07
157.	Agitated thin film dryer-Technology for future	Chemical Business	Vo.21 No.8	Aug 07
158.	A filter cum Dryer- Technology for today's need	Chemical Business	Vo.21 No.9	Sept 07
159.	Machinery for optimum results in hank dyeing	ATA Journal for Asia on Textile & Export		Aug/Sept 07
160.	Plasma treatment technology for textile industry	ATA Journal for Asia on Textile & Export		Aug/Sept 07
161.	Open width mercerizing of knitwear	ATA Journal for Asia on Textile & Export		Sept/Oct 07
162.	Increasing interest in UV protective finishes	ATA Journal for Asia on Textile & Export		Sept/Oct 07
163.	Pacific Textiles builds new empire with unique dyeing technique	ATA Journal for Asia on Textile & Export		Sept/Oct 07
164.	Dyeing with rambutan	Asian Textile Journal	Vol.16 No.7	Jul 07
165.	Microencapsulation in processing	Asian Textile Journal	Vol.16 No.7	Jul 07
166.	Strayfield RF Dryer	Asian Textile Journal	Vol.16 No.9	Sept 07
167.	Dyeing with plumeria flower	Asian Textile Journal	Vol.16 No.9	Sept 07
168.	Enzymes and textile industry	Asian Dyer		Aug 07
169.	Coating to add features to nonwovens	Asian Dyer		Aug 07
170.	Surfactants – An overview	Asian Dyer		Aug 07
171.	Plasma technology for fabrics	Asian Dyer		Aug 07
172.	Textile effluent treatment – A case study	Asian Dyer		Aug 07
173.	Digital Textile Printing applications & understanding the scope	Apparel Views		July, 07
174.	Storm Denim - finishing technology	Apparel Views		July, 07
175.	Garment wet processing in India	Apparel Views		Sept 07
176.	Garment wet processing an overview	Apparel Views		Sept 07

177.	Use of DREF Technology for specific end uses in technical Textiles-Case Study	ATIRA Communications on Textiles	Vol.41 No.3	Sept 07
178.	A Pleasing Scent-The Challenge of Keeping Fabrics Smelling Fresh	AATCC Review	Vol7 No.7	July 07
179.	Can you smell the difference?	AATCC Review	Vol7 No.7	July 07
180.	Measurement of Odor Development due to bacterial action on antimicrobial polyester fabrics	AATCC Review	Vol7 No.7	July 07
181.	Comparison of color values of plain cotton fabrics knitted from Ring and compact spun yarns	AATCC Review	Vol7 No.7	July 07
182.	Natural Pigment in Cotton as a UV Absorber	AATCC Review	Vol7 No.8	Aug 07
183.	Assessing Structural changes in cotton yarns during wet processes, Mercerization and scouring	AATCC Review	Vol7 No.8	Aug 07
184.	Dye classes: The basic	AATCC Review	Vol7 No.9	Sept 07
185.	Colorfastness of Direct-to-Garment inkjet printed T-shirts	AATCC Review	Vol7 No.9	Sept 07
186.	Mixed Catalysts in Lyocell Resin Finishing	AATCC Review	Vol7 No.9	Sept 07
187.	Comfort properties of T-shirts dyed with natural persimmon juice	The Jl. Of the Textile Institute	Vol.98 No.3	2007
6.	<u>TECHNICAL TEXTILES</u>			
188.	Odor Retention on Apparel Fabrics Development of Test Methods for Sensory Detection	Textile Research journal	Vol.77 Issue 9	Sept 07
