:: ABOUT NITRA ::

Five Decades of Outstanding Contribution to the textile and garment industry

Northern India Textile Research Association (NITRA), established jointly by the industry and Ministry of Textiles, Govt. of India in 1974, is one of the premier textile research associations and is accredited with ISO 9001:2015, ISO-17025 and ISO-17020 certifications. NITRA is also Centre of Excellence for Protective Textiles (Protech) designated by Ministry of Textiles, Govt. of India.

Facilities:

NITRA is equipped with world-class state-of-the-art facilities to impart both theoretical and practical training. The facilities include complete range of spinning, weaving, knitting, chemical processing, textile testing (fibre to garment), garmenting etc. NITRA also has a full-fledged lab equipped with complete range of equipment for testing of protective textile materials.
